SKILL INDIA
CHALLENGES, ACHIEVEMENTS AND THE WAY FORWARD

Dr K.P Krishnan & Dr Divya Nambiar

Skills are a key driver of the modern economy. Vocational education and training is aimed at enhancing the employability of an individual, by facilitating the individual's transition into the labour market. Changing skill requirements, new technologies and new kinds of jobs have placed greater emphasis on skills training - which is increasingly becoming a process of lifelong learning. A combination of factors has made skill development an important policy priority for India.

It starts with demographics. India is at the cusp of realizing its demographic dividend. Its population pyramid is expected to "bulge" in the 15-59 age group over the next decade. By 2020, the average age of the Indian population will be 29 years, as against 40 years is USA, 46 years in Europe and 47 years in Japan. There is a narrow window to harness the potential of India's young population.

However, India's training capacity is limited. Though there is no unanimity on the exact numbers, it is estimated that about 50 lakh young people enter the workforce every year. Yet, the current capacity of India's Industrial Training Institutes (ITIs), which still form the backbone of India's vocational training ecosystem, is only 25 lakhs per annum. Therefore, enhancing capacity and scale of skill training programmes, is an urgent policy priority for India.

On the demand side, skill gap studies commissioned by the National Skill Development Corporation suggest that 500 crore incremental human resources, will be required across 24 high growth sectors by 2022. Therefore, while there is a demand for skilled workers in industry, it is vital that training must be of high quality and relevant to industry requirements.

Closely linked to the issue of training quality is the issue of employability. One way to ensure employability of trained workers is by forging links with industry or through large scale apprenticeship programmes. However, the fact that in India, over 90% of the workforce is engaged in the unorganized sector, means that formal sector wage employment opportunities are limited, and placements are difficult to track. Hence, India's skills training programmes must not only equip youth with marketable skills to make them employable. It must also train youth to be self-employed or take up entrepreneurship.

While skills training is being actively promoted by the government and its partners in the private sector and industry - it is not an aspiration career choice amongst youth. It is perceived as a fall back option, rather than a mainstream career choice. Formal education still remains the top choice for young people. This bias is also seen amongst employers.

The birth anniversary of the Great Educationalist, Philosopher and former President of India Dr. S. Radhakrishnan falls on 5th September. This day is observed as Teacher's Day.

The world - knowing you have the capacity and responsibility to impact, shape and affect young lives forever. Here are a few questions you need to ask before entering this noble profession of teaching.

• Do you love to be around children?
• Do you have the patience to deal with children?
• Do you have a command over spoken and written communication skills?

If you answered yes to all the above questions, then teaching can just be the best career for you. Remember a time when teaching as a career option for women was considered the most "suitable"? Since the 90s though, career options in India have multiplied (exploded!) and teaching no longer holds the charm it did. In fact, women who take up teaching once has a strong opinion against it.

Right from Montessori to top universities, teachers figure prominently at all levels. Some of the most profound teaching avenues are:

• Pre -School Teaching
• Primary schools
• Secondary and higher secondary teaching
• Colleges and universities

Continued on page 44
Loving Chaudhary

Pulling itself out from widespread illiteracy, India has managed to bring its education system at par with the global standards. We have made significant strides in the field of education in the 70 years since independence. The picture in the field of education was completely different in 1947 than now. India has come a long way in terms of its overall literacy rate with massive education and educational institutions. In 2001, the literacy rate was 64.8 per cent which has gone up to 73 per cent in 2011 and 79.4 per cent in 2011. In 1947, India was the largest in the world with a population of 382 million, which is now 1.39 billion. India has seen a 320% increase in the last 70 years. This is mainly due to the increase of 329000 schools since 1947.

Spread of Higher Education

Higher education, once the prerogative of elite, is now easily accessible to a large segment of society. The government established multiple education commissions in order to address educational challenges and recommend comprehensive policies for education and also for the improvement of the education system in India.

Commissions and Reforms

Central Advisory Board of India decided to set up two commissions, one to deal with university education and the other to deal with secondary education.

i) University education commission

The first and foremost commission to be appointed in independent India was the University Education Commission set up in 1940, under the chairmanship of Dr. S. Radhakrishnan, to report on the status of Indian universities. The commission suggested improvements and extensions that would be desirable to suit the rapidly changing requirements of the nation.

The commission also aimed at creating universities which would be self-dependent and for an inclusive development of the personality of students. This report proposed the reconstruction of education system in tune with the vision of Indian Constitution.

ii) Madhulika Commission

The recommendations of Mudaliar commission offered a very significant place in the development of secondary education in independent India. It emphasized the need of training institutions to create awareness in the field of education and suggested improvements and extensions that would be desirable to suit the rapidly changing requirements of the nation.

The commission also aimed at creating universities which would be self-dependent and for an inclusive development of the personality of students. This report proposed the reconstruction of education system in tune with the vision of Indian Constitution.

Kothari Commission

The Mudaliar commission was followed by the appointment of the Indian education commission under the chairmanship of D.S. Kothari, popularly known as Kothari Commission. This commission was entrusted with the tasks of dealing with all aspects and sectors of the education system in India. The commission recommended the growth of a national education system.

National Education Policy (1968)

This was in accordance with the recommendations of this commission. The National education policy of 1968 was formulated with the most important development in improving the education sector came when National education came into being in 1968. It drew out the prospects of education to all sections of the society to accomplish the goal of harmony and integration. It was well-promising use of regional languages in secondary schools for an effective teaching and student relationship. The prominence was given to Hindi as a medium of instruction in schools.

National Education Policy (1986)

This policy was introduced in 1986 which focused on the development of educational system that helped people not only to enhance their knowledge but also academic skills. A paradigm shift was taking place in the methodology of government.

The core focus was drawn on building awareness for morals and ethics among students so that they could develop a good persons and become worthy citizens. It was suggested that a good educational system that reinforces the constitutional values must be focused.

National Policy of Education (1986)

National Policy of Education, 1986 stressed on the provisions for fellowships of the poor, imparting adult education, reorientation of the whole system to promote gender equality, recruiting teachers from oppressed groups, the physically and mentally handicapped and for the areas which need special attention and also developing new techniques of teaching.

All these policy initiatives after Independence led to appreciable results in all areas such as enrolment, increase in Expenditure on Education, Growth in Literacy Rate and Universalization of Education etc.

Enrolment

It is noteworthy that the country now has comprised more than 1.5 million schools with over 260 million students enrolled and about 751 universities and 35,539 colleges as opposed to a pathetic situation in 1947, when we had only universities and 400 colleges. India of 1947 consisted only 5000 secondary schools.

Growth in Enrolment

It is also worth mentioning that the number of primary schools increased by more than 230 per cent between 1951 and 1980. The percentage of the primary school-age population attending school increased from 50% in 1951 to 90% in 2011.

Literacy Rate

The literacy rate in India has been quite high in recent years. It was estimated at 74.0% in 2011, up from 48.3% in 1981. The increase in literacy rate has also been accompanied by an increase in the number of schools.

Literacy Rate 1951-2011

The most important development was the shift was taking place in the methodology of government.

Census Year

Education Budget

The government has always been committed to increasing the education budget. In the year 2016-17, the education budget was Rs 1.85 lakh crore, or 6.4% of the total government expenditure. This was a significant increase from the previous year.

Recent Initiative

The government has also taken several initiatives to improve the quality of education. One of the significant initiatives is the Sarva Shiksha Abhiyan (SSA), which aims to provide universal primary education. The SSA has been instrumental in reducing the dropout rate and increasing the enrolment rate in primary schools.

The government has also introduced several schemes to promote technical and vocational education, such as the National Education Policy (2020) and the National Education Mission (NEM). These schemes have been designed to improve the quality of education and provide students with the skills they need to succeed in the job market.

The government has also been focusing on improving the quality of education in the rural areas. The Sarva Shiksha Abhiyan (SSA) has been instrumental in reaching children in rural areas and ensuring they have access to quality education.

In conclusion, the government has been committed to improving the quality of education in India, and the efforts have been fruitful. The literacy rate has increased significantly, and the enrolment rate in primary schools has also increased. The government has also introduced several initiatives to promote technical and vocational education, and the quality of education in rural areas has improved.

Defence Bioengineering and Electromagnetic Laboratory (DEBEL)

Defence Research & Development Organisation (DRDO)
PB No. 9326, CV Raman Nagar, Bangalore-560093

Advertisement for the posts of Junior Research Fellow at Defence Bioengineering & Electromagnetic Laboratory (DEBEL), Bangalore

Defence Bioengineering & Electromagnetic Laboratory (DEBEL) was established in 1982 with the main objective of carrying out Research and Development in the areas of Protective Equipment, Life Saving Devices, Bio-medical Technology and Human Engineering with special reference to the requirements of Defence Forces. DEBEL provides an excellent opportunity for young and motivated researchers to pursue a career in basic and Applied Sciences/Engineering in the above areas. As a part of the life support technologies, development of Solid electrolyte based gas sensors, Tunable Diode Laser Absorption Spectroscopy based Gas/Chemical Sensors, Semiconducting Metal oxide nano-material gas sensor array based e-nose, Stability for long duration EEG monitoring, Electrodes for Electrocardiography, are under progress.

The two areas of research, (i) Semiconducting Metal Oxide nano-material gas sensor array based e-nose and (ii) Tunable Diode Laser Absorption Spectroscopy based Gas/Chemical Sensors, are current evolving fields, and requires a large amount of basic studies and applied research, to be carried out. Applications are invited from young and motivated candidates for the post of Junior Research Fellow to work in these areas of ongoing research activities of DEBEL. Recruited JRF will be facilitated to register for Ph.D.

Recruitment Cell, Directorate
PUSA, NEW DELHI-110 012

Endorsement

Attention of all the candidates is invited who had applied for the positions of Lower Division Clerk (LDC) under Direct Recruitment Quota at this Institute against advertisement No. 2-2015/Recct.Cell/LDC dated 16.01.2016. The Agricultural Scientist Recruitment Board (ASRB) vide Notice No. 5(1)/2016-Exam-I dated 21.07.2017 has issued certain instructions in the matter which is appended herewith for information and necessary action by all those candidates on TOP PRIORITY.

The last date for online registration has been extended by ASRB/ICAR from 17.08.2017 to 04.09.2017 upto 5:00 pm.

Sd/-
(Shashi Prabha Razdan)
Joint Director (Admin.) & Registrar

File No. 5(1)/2016-Exam-I

Dated : 21.07.2017

NOTICE

The Agricultural Scientists Recruitment Board (ASRB) has been given the responsibility for conducting a common competitive examination for filling up positions of Lower Division Clerks in 63 research institutions of the Indian Council of Agricultural Research (ICAR) as in the Appendix-I. The Board had earlier decided to hold the common examination on the 11 December, 2016 in conventional mode (by using OMR sheets) at 32 exam centres located all over the country. However, due to some administrative reasons, this exam was postponed and it was decided that the Board would conduct a common examination through computer based on-line mode on a fresh date and time to be notified. All concerned were accordingly informed about this decision through ASRB’s notice vide No. 5(1)/2016-Exam-I dated 28.10.2016, which was published in leading National Newspapers and was also displayed on ASRB/ICAR website www.asrb.org.in/ www.icar.org.in and in websites of the participating institutes.

It has now been decided by the Board that the said common examination through computer based on-line mode shall be conducted on 10.09.2017 (Sunday) at various examination centres across the country. For this purpose, the Board needs to prepare a common data base of all the candidates in one mode.

Therefore, all the applicants, who have already submitted their applications for the post of LDC, in response to the individual advertisements issued by various ICAR Institutes, are requested to visit the web sites of ASRB/ICAR viz. www.asrb.org.in/www.icar.org.in and submit their particulars in the application format available online on the given link during the period from 28.07.2017 (9.00 A.M) to 17.08.2017 (5.00 P.M.). The said link will be disabled after 5.00 P.M. on 17.08.2017.

Registration after 5.00 P.M. on 17/08/2017 will not be allowed under any circumstances. The Board will not consider any request for appearing in the examination after closing date of registration.

Any applicant who did not apply earlier need not register at this stage, as under no circumstances, such applicant will be allowed to appear in this examination. Such applicants even if inadvertently appear in the examination shall be treated as ineligible and their candidature shall be rejected summarily, as and when noticed.

While submitting particulars online, the applicants will have to choose examination centres out of the given options. However, the Board reserves it’s right to change/alter the examination centre opted by an applicant, at it’s discretion for operational reasons, and no correspondence for change/alteration in the examination centre shall be entertained.

Further, those who fail to register their personal details on-line on the aforesaid link by the prescribed date, will not be allowed to appear in the examination under any circumstances, even if he/she had submitted a valid application for this post earlier. The applicants need not deposit any fees again.

Detailed instructions regarding the process of examination will be issued separately, after the process of online registration is completed.

(c) Standard for Physical Fitness for Training: Physical fitness for training will be as per Apprentices Act 1961 read in conjunction with Para 4 of Apprenticeship Rules 1992 (Schedule II) regarding standard of physical fitness. Candidates should satisfy the following minimum standards, namely:

- HEIGHT: 137 centimeters; WEIGHT: 25.4 Kilogram; CHEST EXPANSION should not be less than 3.8 centimeters irrespective of size of chest.
- CHEST EXPANSION should not be less than 3.8 centimeters irrespective of size of chest.
- Certified in writing by a Medical Officer not below the rank of an Assistant Surgeon.
- Provided that where a candidate does not satisfy the said minimum standards but is a candidate whose name begins with the alphabet which comes first in the names i.e. a candidate whose name begins with the alphabet which comes first in the names.
- Provided that where a candidate does not satisfy the said minimum standards but is a candidate whose name begins with the alphabet which comes first in the names.
- Proof of Date of Birth.
- Citizenship.

(d) Previous Training Candidates who have already undergone or are currently undergoing Apprenticeship Training under Apprentices Act -1961 in any Govt./Public Sector/Private Organization are not eligible to apply for above apprenticeship training.

4. Payment of Stipend to Apprentices. The minimum rate of stipend per month payable to apprentices shall be as follows (Rule 11 of Apprenticeship Rules-1992 is relevant), namely:-

- (a) During the first year of training Seventy per cent of minimum wage of semi-skilled.workers notified by the Maharashtra State.
- (b) During the second year of training Eighty per cent of minimum wage of semi-skilled workers notified by the Maharashtra State.

*Provided that in the case where the minimum rate of wage for a trade is not notified by the Government of Maharashtra or Union Territory, then the maximum of minimum wages of the Scheduled Employment notified by such State Government or Union Territory for semi-skilled workers shall be taken into account for paying the stipend in respect of that trade.

5. Scheme of Examination. Candidates meeting the criteria of essential qualifications, as at Para 3(a) above, would be called for written examination scheduled to be held at Mumbai in Sep 17. The written examination of 2 hrs duration would comprise of 100 Multiple Choice Questions in following parts:-
- (b) Part-B Questions on the group of subject trades.

6. Medium of Examination. The question paper will be bilingual in both English & Hindi (except for General English).

7. Centre of Examination. The Centre of examination will be Mumbai only. The exact date, time and venue of written examination would be intimated to candidates through online call up letters.

8. Notices to Prospective Candidates. In case of any change in schedule of dates, time, place of examination etc the same will be made available on the websites www.bhartiseva.com and www.indiannavy.gov.in. The list of selected candidates will also be published in Employment News.

9. Merit List. Merit list for all candidates will be published on the websites www.bhartiseva.com and www.indiannavy.gov.in along with Employment News. In the event of a tie in total marks obtained by the candidates, following criteria in the order below will be followed to decide position:
- (a) Higher marks in Part-B
- (b) Age seniority.
- (c) If the tie still persists, it would be resolved by referring to the alphabetical order of names i.e. a candidate whose name begins with the alphabet which comes first in the alphabetical order gets preference.

10. Medical Examination. Every candidate shall be medically examined and declared fit as per Rule 4 and Schedule II of Apprenticeship Rules, 1992 by the Employer, through a Registered Medical Practitioner before engaging them as an apprentice.

11. Selection Process. Candidates meeting the criteria of essential qualifications, as at Para 3(a) above, would be called for written examination scheduled to be held at Mumbai in Sep 17. The merit list will be prepared as per Apprenticeship Trade (including Reservation) with adequate candidates in Reserve List. This shall be followed by Medical Examination of the candidates based on merit list. Subsequently candidates would be called for the apprenticeship training on the basis of overall merit standing (including medical fitness) as promulgated on websites www.bhartiseva.com and www.indiannavy.gov.in & through online communication. The list of selected candidates will also be published in Employment News.

12. Short Listing of Candidates. Short listing of Candidates based and number of vacancies will be finalised based on extant policies.

13. Filling up of Online Applications. Candidates are required to log on to www.bhartiseva.com and fill up online application. Further, the said website for filling online application would be opened from the third day (10.00 hrs) of publication of notification in Employment News and will remain open till 21 days after date of publication in Employment News" (upto 2350 hrs). The candidates are also requested to upload following documents in .pdf format for filing up online application:
- (a) Passport Size Candidate’s Photos
- (b) SSC/Matriculation Marks Sheet / Proof of Date of Birth
- (c) ITI Marks Sheet

Continued on page 36
14. Terms & Conditions. The selected candidates will have to execute a Contract (if minor, by his/her guardian). Limited hostel accommodation is available for all male candidates will be provided with hostel accommodation by the Naval Dockyard in Mumbai due to limitation. However no accommodation facilities exist for female candidates as on date. During the training, the Apprentices are entitled for free medical treatment from Dockyard Dispensary only.

15. Offer & Acceptance of Employment. It shall not be obligatory on the part of the Employer to offer any Apprentices after completion of the training, nor shall it be obligatory for the Apprentices to accept any employment, if offered by the Employer. The candidates are advised to get themselves familiarised with the rules and regulations under the Apprentices Act, 1961 and the disability Act, 1995. However, as per order dated 30/2/2012 & 31/2017, direct recruitment of Tradesmen Skilled includes 60% selection of Ex-naval Apprentice in Designated and 90% in Optional (Non Designated) Trades. On completion of Apprenticeship Training as per above scheme, successful candidate shall be eligible to apply for Final Apprenticeship Examination, as per extant SRO 43/2012, as and when undertaken by Indian Navy in accordance with provision of extant stated Recruitment Rules & Orders of Ministry of Defence.

16. Certificate of Apprenticeship Training. The progress in apprenticeship training of each Apprentice shall be assessed by the Employer from time to time and every apprentice who completes his apprenticeship training to the satisfaction of the Naval Dockyard, Mumbai shall be granted a certificate of proficiency by Admiral Superintendent, Naval Dockyard, Mumbai. 17. Terms & Conditions of Apprenticeship Training. The tentative commencement of training is anticipated w.e.f. Nov 17 for a duration of one year subject to timely completion of selection process.

18. Travel/Expenses. No travel/boarding expenses are admissible to candidates called for Written Examination.

19. General Information. Applicants are advises to note the following instructions carefully:
(a) Candidates will have to apply on-line only through the link appearing in this advertisement.
(b) Candidates are not required to pay any fee for the examination.
(c) It is to be noted that mere submission of application form, receipt of ‘acknowledgement’, receipt of admit card and appearance in examination does not guarantee selection as Optional (Non-designated) Trade Apprenticeship. The selection of candidates will be made based on merit position considering available vacancies category-wise, scrutiny of original copy of credentials, police verification report, medical examination report.
(d) Candidates are not required to send hard copy of application & admit card to the Naval Dockyard. However, the same will be kept with candidates only and not be reproduced by the candidates at the time of document verification.
(e) Candidates are required to check up website for submitting online applications for any updates and changes.
(f) Candidates are required to give valid mobile No. and e-mail id for periodical notices.
(g) Written examination is Multiple Choice Question type and OMR answer sheets based. There will be NO negative marking.
(h) Candidates are advised to carefully fill the candidate. Selection process is done strictly on merit basis. Candidates are advised to fill the application form with utmost care.
(i) Candidates will be permitted to enter examination hall with valid ADMIT CARD only, showing clear PHOTO & SIGNATURE. Hence the candidates are advised to ensure that the photo and clear SIGNATURE have been uploaded and are printed on the admit Card.
(k) The candidate must not attempt impersonation or take help of any impersonator at any stage of the selection process or try to copy from neighboring candidates, books and use of any electronic gadgets.
(l) Any material suppression of facts or submitting forged certificates shall lead to rejection of his/her candidature at any stage of selection of this process.
(m) Any candidate found using any type of unfair means during the examination, the candidate’s candidature shall be debarred summarily and the candidate shall not be allowed to appear in any of the exams/written test conducted by Indian Navy at a future date.
(n) Decision of Admiral Superintendent, Naval Dockyard, Mumbai in all matters relating to the selection, qualification of an Apprentice, allotment of language, examination centre etc. will be final and binding on the candidate and no inquiry/correspondence shall be entertained in this regard.
(p) Any subsequent changes in the terms and conditions of the engagement of Optional (Non-designated) Trades as per the extant rules will stand good. Indian Navy reserves the right to incorporate any subsequent changes/modifications/ additions in the terms & conditions under this advertisement notice as necessitated and applicable. Any corrigendum will be published on the www.indiannavy.gov.in or the site select for online application.
(q) The candidates applying for the examination should ensure that they fulfil all the eligibility criteria for admission to the examination. Their admission at all the stages of examination shall be purely provisional, subject to their satisfying the prescribed eligibility condition. If, on verification of the prescribed document, their candidature is found to be invalid, after the written examination, it is found that the candidate does not fulfill any of the eligibility conditions, his/her candidature for the examination shall be cancelled by Indian Navy/Admiral Superintendent, Naval Dockyard, Mumbai.

10. Rejection of Candidature: Candidates are requested to read all instructions carefully & thoroughly before applying. Their applications, otherwise, are likely to be rejected on one or more of the following reasons. The application or candidature of the candidate may be rejected for any of the following reasons:
(a) Incomplete Application
(b) Does not possess the prescribed qualification to undergo the Optional trade apprenticeship in DAS (Mb) on closing date of on-line application.

Applications are invited in the prescribed proforma from suitable officers for filling up three (03) posts of Assistant Hydrometeorologist (Group-B, Gazetted) in Level-08 in the Pay Matrix as per 7th CPC in Central Ground Water Board on Deputation Basis.

The qualification and experiences etc. attached to the post of Assistant Hydrometeorologist are as under:-

1. Assistant Hydrometeorologist in Pay Band-3 and corresponding pay scale of Rs. 15600-39100/- plus Grade Pay of Rs. 4800/- revised to Level-08 in the Pay Matrix as per 7th CPC.

Transfer on deputation (including short-term contract)

Officers under the Central/State Government:-

(a) (i) holding analogous posts on a regular basis; or

(ii) with 3 years' service in posts in the Scale of Rs. 5560-9000 (in level-6 in the pay matrix) or equivalent; or

(ii) with 6 years regular service in posts in the Scale of Rs. 5000-8000 (in level-6 in the pay matrix) or equivalent; or

(b) Possessing the educational qualifications prescribed as below:

Note 1: The departmental officers in the feeder grade who are in direct line of promotion will not be eligible for consideration for appointment on deputation. Similarly, deputationists shall not be eligible for consideration for appointment by promotion.

Note 2: The period of deputation including the period of deputation in another ex-cadre post held immediately preceding this appointment in the same or some other organisation/department of the Central Government shall not ordinarily exceed three years. The maximum age limit for appointment by deputation shall not be exceeding 56 years as on the closing date prescribed for receipt of applications.

Essential Eligibility Criteria:

(i) Master's degree in Meteorology/Physics, Applied Physics/Geophysical Mathematics/Statistics from a recognised University or equivalent.

(ii) Three years' experience in Meteorological work.

NOTE 1: Qualifications are relaxable at the discretion of the Union Public Service Commission in the case of candidates otherwise well qualified.

NOTE 2: The qualification regarding experience is/are relaxable at the discretion of the Union Public Service Commission in the case of candidates belonging to the Scheduled Castes and Scheduled Tribes, if at any stage of selection, the Union Public Service Commission is of the opinion that sufficient number of candidates from these communities possessing requisite experience are unlikely to be available to fill up the posts reserved for them.

The Officers who fulfill the above qualifications/eligibility may submit their application in the prescribed proforma at Annexure-I through Proper Channel to the Director (Administration), Central Ground Water Board, Bhujal Bhawan, NH-IV, Faridabad - 121001 (Haryana), so as to reach the address within 30 days from the date of publication of this advertisement in Employment News. The envelope containing the application(s) should be superscribed "Application for the post of Assistant Hydrometeorologist on Deputation Basis".

While forwarding their applications, it may be ensured that the particulars of the candidates are verified and that they fulfill the eligibility conditions. Duly attested photocopies of their up to date APARs (at least for the last 05 years) may also be enclosed with the applications. It may also be clearly stated that no vigilance/disciplinary proceedings is pending or contemplated against the candidates concerned. Integrity Certificate may also be issued in respect of the concerned Officer. Applications without Vigilance Clearance/Integrity and APAR Dossiers will not be entertained considered.

The deputation will be governed by the standard terms and conditions of deputation provided under Department of Personnel & Training O.M. No. 6/8/2009-Estt. (Pay II) Dated 17.6.2010, as amended from time to time.

(Sreekantan V.)
Sr. Administrative Officer
CAREER AS A TEACHER

Continued from page 1

Teaching in non-schooling avenues like-Private tuitions and coaching classes

Eligibility

There are several routes leading towards a career in teaching depending on what type of teaching you want to become. A high school pass with a nursery training certificate, diploma or degree is the basic requirement for nursery or primary school teaching. The eligibility requirement for a Primary Teacher in a Government School is Senior Secondary School certificate or Intermediate certificate or its equivalent and Bachelor of Elementary Education (B.E.Ed.), or Diploma or certificate in basic teachers’ training of not less than two years duration.

To become secondary level teacher, for teaching Classes 9 and above you should be graduate or post graduate with B.Ed. For Post-Graduate Teacher (PGT) teachers (PGT teachers) a Masters in the relevant subject is mandatory. The Bachelor in Education (B.Ed) degree equips you with the required theoretical and analytical skills to become a teacher. B.Ed is mostly a two year course, and it cannot be pursued along with the basic graduation. However, some courses do go for an integrated B.Ed program (4 years). Once you get this degree, you become eligible to work as a secondary school teacher in any private or government school.

1. Pre-primary education:

Teaching of children between the age group 3-5 years. There are mainly three routes in primary teaching, including Nursery Teacher Training (NTT), Primary Teacher Training (PTT), and Diploma in Elementary Education (D.El.Ed.). Also there are Montessori Teachers training schools which also give training for pre-school education also.

2. Elementary education:

Teaching of children between the age group of 6 -12 years in Classes (1-5). Courses include the Bachelor of Elementary Education (B.El.Ed), Primary Teacher Training programme, or Diploma or certificate in basic teachers’ training of not less than two years duration.

3. Post-Primary education:

Teaching of children between the age group of 13-16 years, from classes 6 and above. Bachelor of Education is a comprehensive course and is the most preferred level. Candidates must be graduates to take up B.Ed degree. They should have minimum of 55% in their degree level to apply for B.Ed.

Courses:

After Graduation or Post graduation or any teacher training certificates, one needs to clear CETET & TET. These days, CETET has become compulsory qualification for the selection as a teacher. Many of Private/Public School has also made CETET certificate compulsory eligibility criteria for the selection of teachers.

Teacher Training courses:

One should go for various teacher training courses to join primary or high schools apart from having a graduate degree. It also requires different levels of degrees depending upon the level of middle or high school teaching. These include:

- D.Ed. (Diploma in teaching education) is a 2-year diploma program which requires a 12th pass as a minimum qualification.
- NTT (Nursery Teacher Training): Diploma in Nursery Teacher Training program is also known by the short name of NTT course. After completing the NTT course is to cater to the nursery (pre-primary) level teacher workforce. NTT students are trained in areas like child education, teaching methodology, nursery level subjects & communication. Students who have passed 10+2 (any stream) from a recognized institute and are eligible to pursue NTT course. Duration of this course is One year.
- PTT (Primary Teacher Training): This is a 2-year regular program for teaching primary school children. One should be 12th pass as minimum qualification to be eligible for this program.
- B.El.Ed (Bachelor of Elementary Education) course is specially structured for training teachers for teaching children from classes I to VIII. The Bachelor of Elementary Education (B.El.Ed) is a three year undergraduate course for students who have completed 10+2.
- B.Ed. (Bachelor in Education), 2-years degree program for students having Bachelor's degree in Arts or science stream (B.A or B.Sc) as a minimum qualification.
- TET (Teacher Eligibility Test): This test is conducted by CBSE and solely conducts its own TET exam at the primary and secondary levels of teaching. These tests are conducted by NCTE (National Council for Teacher Education) after passing D.El.Ed or B.El.Ed. Teacher Eligibility Test known as TET is an Indian entrance examination for teachers. The test is mandatory for getting teaching jobs in government schools from Class I to Class V is meant for teachers opting for Class I to Class 5 and Paper 2 for Class 6 to Class 8.
- CTET (Central Teacher Eligibility Test): To qualify for central government or private schools, one has to clear CTET exams.
- Other courses: One who wants to take B.Ed courses can pursue PG T and TGT courses after passing Master's degree. One can also do vocational courses to get benefits of a specific field.

National Eligibility Test (NET): A lecturer or instructor in college needs to have a post-graduate degree and a certificate of eligibility for lectureship, the National Eligibility Test (NET) from the University Grants Commission. The eligibility for passing in the NET exam is to have a Master's degree or its equivalent from a recognised university.

Skills Required:

Often, people choose to become teachers without any insight into the challenges involved and the aptitude for the job. The qualities seem to be patience and enthusiasm and ability to strike the right balance between the two. A primary educational qualification and strong command in one’s subject, a set of soft skills is required to be an effective teacher. Prominent among them are organization, time management, analytical bent of mind. One should have a high EQ as empathy and care is something which will be vital to deal with kids coming from different backgrounds, some disruptive too. An aura of self-confidence, enthusiasm towards learning new things every day and dynamism would give an edge, otherwise work like any other, and boredom could start slipping in.

Scope:

With the boom in education in the last few decades, the numbers of kindergartens, elementary middle and senior secondary schools, colleges, vocational institutions, technical institutions, coaching institutes, universities and other institutions of learning have increased significantly offering great employment opportunities to those with the right qualifications and skills. More and more government spending in the social sector has also increased the number of teaching jobs, the 6th Pay Commission recommendations have improved the pay scales, and the entry of several private players in the education sector has provided huge incentives to those looking for a career in teaching. Teaching is a rewarding career. One can start a career in this field as a primary or high school teacher, and after years of experience, get the opportunity to become a school principal. Apart from this, one can pursue doctoral studies to teach in colleges or universities. One can also work as a foreign language expert in various corporate firms. One can also work as a volunteer in NGO, educational institutes, counselling sectors, humanitarian law firms, corporate and computer soft skills trainer and much more.

There are many vacancies for the Teachers post in various government schools. Candidates have to keep an eye on the various notifications available for the post of government teachers.

Potential opportunities after CTET & TET Certificate:

- Some opportunities after CTET & TET Certificate include:
  1. Navodaya Vidyalaya Samiti
  2. Kendriya Vidyalaya Sangathan
  3. Army Public School
  4. Private Schools

But like all other careers, teaching also has a set of pros and cons.

Pros:

- Respect and status in the society: Good teachers are revered by students and their parents alike.
- Teachers have their own status in the society.
- Job satisfaction: Teachers contribute towards nation building.
- Teachers enjoy vacations (that come after exams, with festivals etc).
- Respectable pay and perks: This fact is true especially in case of government school teachers.
- They get to enjoy good pay scales and other perks.
- Reputed private schools are also known to pay their teachers.
- Self-employment opportunities: Apart from working at educational institutes, teachers may also become self-employed.

Cons:

- Limited job opportunities outside teaching: Teachers have very limited job opportunities outside the world of teaching. If a teacher suddenly decides to change his/her profession, it will be very difficult to find a new job (other than teaching).
- Deadlines and workload: Teachers are supposed to cover huge syllabus in a short amount of time. The necessity of meeting deadlines often creates work pressure.
- Work beyond school hours: Work hours at schools are fixed. But teachers also have to deal with work outside school hours, such as preparing papers, preparing notes, and sometimes preparing for the next day’s classes, departmental meetings, attending workshops etc.

Institutes

The following are the some of the Top B.Ed Colleges in India.

- Guru Gobind Singh Inraprasad University, Delhi
- Lady Irwin College, Delhi
- Army Institute of Education (AIE), Delhi
- University of Delhi, Dept. of Education, Delhi
- Jamia Millia Islamia, Delhi
- Amity University, Haryana
- Loreto College - B.Ed Department, Kolkata
- St. Xavier’s College - Kolkata
- Department of Education, University of Calcutta, Kolkata
- K.J. Somaiya Comprehensive College of Education, Training and Research, Mumbai
- SNDT Women’s University, Mumbai
- University of Delhi

Teaching is not everyone’s cup of tea, but hard work, communication and presentation skills, creativity and experience may lead one to the apex of success. Teaching should be an "aspirational" career and those making that choice must be professionally trained and handsomely remunerated.

wwwemploymennews.gov.in 43
India particularly the manufacturing sector is on the cusp of transformation, leading to a new industrial paradigm, known as industry 4.0. Industry 4.0 in our understanding is the intersection and application of the Internet of Things (IoT) to the secondary sector, i.e., manufacturing. Certain sectors in India like automotive and aerospace (automotive sector) have traditionally been on the cutting edge of modernization, through vertical integration and imitative adoption of methodologies like Six Sigma and efficiencies driven by supply chain management. Other sectors like manufacturing, SMED, and new and emerging sectors like electronics, aviation, etc. are ripe for transformation. New disruptive technologies are creating new forms of work and new forms of flexibility in the working environment, and the informal sector, which still comprises of 93% of the economy, often this kind of entrepreneurship is seen in the informal sector, which still comprises of 93% of the economy, thus automation and industrialisation is crucial to the development of the informal sector, which still comprises of 93% of the economy, thus automation and industrialisation is crucial.

India's entrepreneurial spirit is well known and takes two forms. First, there is a strong entrepreneurial ecosystem that is born out of necessity and is well anchored in the informal sector, which still comprises of 93% of the economy, thus automation and industrialisation is crucial to the development of the informal sector, which still comprises of 93% of the economy, thus automation and industrialisation is crucial. The second is entrepreneurship that is driven by skills and takes the form of frugal innovation. Often this kind of entrepreneurship is seen in the informal sector, which still comprises of 93% of the economy, thus automation and industrialisation is crucial to the development of the informal sector, which still comprises of 93% of the economy, thus automation and industrialisation is crucial.

MSDE's initiatives in this area include:

- **Apprenticeship Reforms:** At the statutory level, comprehensive reforms have been introduced under Apprentices Act, 1961 (effective from 22nd May 2014). Key reforms include:
  - Increasing the upper limit for apprenticeship to 10% of production of optional trade pathway
  - Extending the scope of apprenticeships to the service sector
  - Rationalization of penalties for employers

**Launch of National Apprenticeship Promotion Scheme (NAPS):** This new scheme seeks to provide budding entrepreneurs, particularly those working in the informal sector, with entrepreneurship education and training, through a combination of formal and informal pathways - easy access to credit, incubation support and mentorship to enable them to become a part of the formal pathway. The scheme aims to reach over 7 lakh students in 5 years through 3050 institutes of learning - including, school based training institutions, through Massive Open Online Courses (MOOCs). This scheme will also provide financial and non-financial support to empanelled institutes.

**The Way Forward:** Preparing for Workplaces of the Future

India’s employment model is in flux. Therefore, MSDE's focus is to ensure that young people are not only equipped with the skills for today's jobs, but also for jobs of the future.

**Civil Services Prelims (Examination) 2021**

Select the correct answer using the code given below.
(a) 1 only
(b) 2 only
(c) 3 only
(d) 1, 2 amd 3

71. The term ‘Regional Comprehensive Economic Partnership’ often appeared in the news in the context of the affairs of a group of countries known as
(a) G20
(b) ASEAN
(c) SCO
(d) SAARC

72. ‘Bell and Road Initiative’ is sometimes seen in the news in the context of the affairs of
(a) African Union
(b) Brazil
(c) European Union
(d) China

73. With reference to ‘Agenda 21’, sometimes seen in the news, consider the following statements:
1. It is a global action plan for sustainable development.
2. It was crafted at the World Summit on Sustainable Development held in Johannesburg in 2002.
Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) 1 and 3 only
(d) 1, 2 and 3

74. In which of the following regions of India are shale gas resources found?
1. Cambay Basin
2. Cauvery Basin
3. Godavari Basin
Select the correct answer using the code given below.
(a) 1 and 2 only
(b) 2 and 3 only
(c) 3 only
(d) 1, 2 and 3

75. ‘Global Financial Stability Report’ is prepared by the
(a) European Central Bank
(b) International Monetary Fund
(c) International Bank for Reconstruction and Development
(d) Organization for Economic Cooperation and Development

76. Regarding ‘Atal Pension Yojana’, which of the following statements is/are correct?
1. It is a minimum guaranteed pension scheme mainly targeted at organized sector workers.
2. Only one member of a family can join the scheme.
3. Same amount of pension is guaranteed for the spouse for life after husband’s death.
Select the correct answer using the code given below.
(a) 1 only
(b) 2 only
(c) 3 only
(d) 1, 2 and 3

77. The term ‘Regional Comprehensive Economic Partnership’ often appeared in the news in the context of the affairs of a group of countries known as
(a) G20
(b) ASEAN
(c) SCO
(d) SAARC

78. India is an important member of the ‘International Thermonuclear Experimental Reactor’. If this experiment succeeds, what is the immediate advantage for India?
(a) It can use thorium in place of uranium for power generation
(b) It can play a global role in satellite navigation
(c) It can drastically improve the efficiency of its fission reactors in power generation
(d) It can build fusion reactors for power generation

80. In the context of the history of India, consider the following pairs:
Term Description
1. Eripatti: Land, revenue from which was set apart for the maintenance of the village tank
2. Tamyurs: Villages donated to a single Brahmin or a group of Brahmins

The Supreme Court declared the right to privacy a fundamental right under the constitution. A nine-judge constitution bench headed by Chief Justice JS Khehar ruled that right to privacy is an intrinsic part of the Right to Life and Personal Liberty under Article 21 and entire Part III of the Constitution. The nine judges unanimously overruled the two earlier judgements of the apex court that the right to privacy is not protected under the Constitution.

The Supreme Court has set aside the practice of triple talaq. A five-judge Constitution bench, by a majority of 3-2, ruled that the three-word divorce was unconstitutional and illegal. The ruling came on petitions filed by some Muslim women, challenging the practice on the ground that it violated their right to equality, right to life, and right to live with dignity.

At least 29 people were killed and more than 250 injured as violence erupted in Haryana and Punjab after Dera Sacha Sauda chief Gurmeet Ram Rahim Singh was convicted in a rape case by a CBI court in Panchkula on 25th August. The Punjab and Haryana High Court reacted sharply to vandalism by Dera supporters. The court ordered attachment of all properties belonging to the Dera chief. It has directed recovery of losses caused due to violence from Dera Sacha Sauda.

Prime Minister Narendra Modi has asked Central government officials to focus their attention on 100 most backward districts of the country so that they can be brought up to the national average level, on various development in various fields including education sectors.

In Badminton, ace shuttlers PV Sindhu and Saina Nehwal stormed into the Women’s Singles semi-finals at the World Badminton Championships in Glasgow. Both players have assured India of two Bronze medals. While India has been killed in militant attacks in Rakhine state. The government said more than 20 police posts were targeted by whom it called Muslim militants in pre-dawn raids. Rakhine has been hit by clashes between Muslims and Buddhist communities. The attacks come a day after a report warned more people would be radicalised if ethnic tensions are not addressed.

A Gulf of Mexico storm has intensified spinning into potentially the biggest hurricane to hit the mainland United States in 12 years. The National Hurricane Center said in an advisory, Hurricane Harvey strengthened as it spun north over 220 miles off the coast of Corpus Christi, Texas.

The Reserve Bank has issued new Rs 200 and Rs 50 denomination banknotes in the Mahatma Gandhi (New Series, bearing signature of RBI Governor Urjit Patel. Initially, the new Rs 200 note was also agreed to increase trade relations. The Treasury said, 18 percent GST will be liable, if an advertisement and such supply is not a part of any composite supply.

In intelligence for development of various fields. The task force will be radicalised if ethnic tensions are not addressed.
